

KruRelease

Superior runability and silicone mileage for a wide range of applications.

KruRelease is a super-calendered kraft release base that offers superior smoothness, dimensional stability and compatibility across a wide range of silicone systems. To create this unique grade, the Kruger Specialty Papers team worked with converters to develop a grade that delivers unparalleled value to the siliconizing market. Our fibre integration affords greater control over raw materials, allowing our teams to manufacture a product that you can count on every time you put it on the machine. As the market continues its progress toward faster converting and dispensing, consistent quality and exceptional siliconizing are critical. KruRelease's assets are well suited to meet the demanding needs of this marketplace and deliver value through consistently reliable quality at a fair price.

Benefits

- Excellent formation
- Caliper control
- Consistent quality
- Strength
- Super-calendered kraft (SCK)
- Available in bleached

Applications

For your wide range of silicone release liner bases: consumer product labels, auto wraps, as well as aerospace, medical and industrial tapes.

Experience you can count on:

- A financially strong, diverse, privately held company
- World-class customer service
- Dedicated, passionate employees.
- Cost-effectiveness.
- Over 100 years of expertise
- Innovative technologies.
- A commitment to the environment.
- Consistent, high-quality products.

39.6	64.50	74	2.4	Yes

Why Kruger?

Peace of Mind

With Kruger, you're getting a financially stable and diverse company with a worldwide reputation for excellence and more than a century of experience in the paper industry.

Innovation

Kruger specialty papers are manufactured with our patented cellulose filaments to deliver improved strength, lay-flat, and consistency at lower basis weights.

Service

From our knowledgeable sales and product development teams to our experienced and flexible customer service and manufacturing teams, our focus is on providing products that meet your needs at a price that adds value for all parties.

Sustainability

Maintaining our legacy of responsible, sustainable practices is at the core of all our decisions. To protect our natural resources, our specialty papers are certified to internationally recognized standards.
