

# KruC1S FLEX

Premium paper. Epic performance.

KruC1S FLEX is our premium coated one-side paper that provides a superior print surface with exceptional smoothness, gloss and crack resistance to maximize your products' shelf appeal. Thanks to our proprietary cellulose filament technology and integrated pulp sourcing, Kruger Specialty Papers has the ability to reduce basis weight without compromising on strength. Committed to Kruger's long-standing legacy of responsible practices to protect natural resources, our manufacturing facilities and products are certified to internationally recognized standards such as FSC® and SFI.

## Applications

Suitable for laminating to Alufoil, OPP, PE and PET, or as a base for extrusion. Ideal for all flexible packaging markets including Food, Beverage, Retail, Industrial and Agricultural. The ideal choice for various end uses including pouches and bags.

## Benefits

- Consistent high quality
- Exceptional surface smoothness
- Superior print fidelity
- High brightness and gloss
- Crack resistant
- Excellent glueability
- Exceptional lay-flat
- Unparalleled converting and filling performance
- Ability to lower basis weights
- FDA compliant for direct and indirect food contact

Basis Weight (25 x 38 / 3300 Ream)	Grammage (g/m <sup>2</sup> )	Brightness (%)	Gloss 75° (%)	Caliper (Mils)

## Why Kruger?

### Peace of Mind

With Kruger, you're getting a financially stable and diverse company with a worldwide reputation for excellence and more than a century of experience in the paper industry.

### Innovation

Kruger specialty papers are manufactured with our patented cellulose filaments to deliver improved strength, lay-flat, and consistency at lower basis weights.

### Service

From our knowledgeable sales and product development teams to our experienced and flexible customer service and manufacturing teams, our focus is on providing products that meet your needs at a price that adds value for all parties.

### Sustainability

Maintaining our legacy of responsible, sustainable practices is at the core of all our decisions. To protect our natural resources, our specialty papers are certified to internationally recognized standards.
